

Livestock Watering Strategies Workshop

Wednesday, January 14, 2026

12:30 to 5 p.m.

Join us in Hodgeville for an afternoon workshop to gain valuable insights into efficient water management systems for livestock, with a focus on sustainable, year-round watering and rotational grazing. This workshop will offer practical solutions, expert advice and knowledge-sharing opportunities for agricultural producers.

Topics include:

- Grazing considerations, water management and pasture health;
- Programs for livestock producers;
- Water quality; and
- Dugout development.

Location: Hodgeville Community Centre, Hodgeville, Sask.

Contact: Find registration information at saskatchewan.ca/agricultureevents or call Jason Falk at 306-741-0951.

Registration: Free to attend. Maximum attendees is 60 so register early

Registration deadline is Wednesday, January 7, 2026
